# New Renault Kadjar: prices revealed

- **New Renault Kadjar unveiled exclusively at the Paris Motor Show**
- **New Renault Kadjar: even more style, comfort and power with its new high-performance engines**
- **Available in France from €26,200**

**Paris, 3 October 2018**. New Renault Kadjar has been revealed in a world première at the Paris Motor Show.

Its meticulous redesign gives it a style that is more assertive than ever. The designers have reworked the front and rear to enhance its appeal. This is reflected particularly in an enlarged grille with new chrome inserts.

At the front, New Kadjar adopts the signature C-shaped headlights which are the hallmark of the Renault range. It enhances them by incorporating the indicator lights into the LED headlights for a more modern look. At the rear, the indicator lights also feature LEDs, as well as the reversing and fog lights, which are now incorporated into the bumper and refined for greater elegance.

Inside, the interior of New Kadjar is distinguished by a more modern look and with enhanced perceived quality, such as the touches of satin chrome setting off the air-vent surrounds, door handles and the centre console. Another new addition is the presence of a multimedia touch screen which is more elegant than ever.

New Kadjar adopts the latest generation of Renault engines.

In petrol, New Kadjar offers the 1.3 TCe engine, recognised for performance and driving pleasure, available in four versions:  TCe 140 FAP (maximum torque of 240 Nm at 1,600 rpm) and TCE 160 FAP (maximum torque of 260 Nm at 1,750 rpm) available with manual or automatic EDC gearbox in a 4x2 version.

In diesel, New Kadjar offers two modernised engines equipped with a selective catalytic reduction (SCR) system: The 1.5 Blue dCi 115,

available with a manual gearbox, is equipped with the “overboost”, offering a temporary power boost and additional torque. It saves 4kW (+5hp) of power and 25Nm of torque. The 1.7 Blue dCi 150 combined with a manual gearbox is available in 4x2 and 4x4 transmission.

# Prices and equipment
