	Blue dCi 95	€23,100

## PRESS RELEASE

### **Renault will open orders for the All-New Kangoo Van from 1 April in France, with sales starting in June 2021.**

The All-New Kangoo Van is once again revolutionizing the work of professionals with useful and smart innovations that facilitate access to cargo and simplify loading. By removing the central pillar, *Open Sesame by Renault* offers the widest right-hand side access on the market at 1,446 mm. *Easy Inside Rack* allows long objects to be transported at height thanks to a retractable interior rack.

With an athletic exterior design and distinctive shoulders, the All-New Kangoo Van offers a best-in-class load volume of up to 3.9m<sup>3</sup>. The modernized interior offers 60 litres of practical and accessible storage space, including the new drawer *Renault Easy Life*.

At the front, the All-New Kangoo Van offers two or three seats with a real mobile office equipped with a smartphone support, a wireless charger and up to three USB and three 12V sockets.

The All-New Kangoo Van features the Renault EASY LINK multimedia system (with 8-inch touch screen and smartphone replication) with or without navigation.

To improve safety on the road, the All-New Kangoo Van is equipped with the Wide View Mirror, which makes it possible to see what is happening in the right blind spot of a panel van. And for peace of mind, it offers twelve new driving aids, including *active emergency braking*, *active blind spot monitoring*, *permanent rear view assist*, etc.

#### **About Renault**

Renault, a historic mobility brand and leader of electric vehicles in Europe, has always developed innovative vehicles. With the 'Renaulution' strategic plan, Renault has embarked on an ambitious, value-generating transformation moving towards a more competitive, balanced and electrified range. Its ambition is to embody modernity and innovation in technology, energy and mobility services in the automotive industry and beyond.
