Paris, May 20, 2019 – Renault is taking orders in France for a new high-end limited edition. Scénic BLACK EDITION offers a wide range of features for just €1,800 more than the INTENS finish. This limited edition delivers advanced comfort, refinement and sporting performance. It is available with the full range of engines, both petrol (TCe 140 and TCe 160) and diesel (Blue dCi 120 and Blue dCi 150) mated to a manual or an EDC dual-clutch automatic transmission.

On the outside, this limited edition makes a statement of sporting intent, with 20" Silverstone wheels featuring a black gloss paint finish and black headlight masks. Scénic BLACK EDITION also features front LED fog lights as standard.

On the inside, the emphasis is on refinement with Alcantara upholstery, silver gray top-stitching, a black headliner, an aluminum pedal assembly and footrest, as well as protective mats. The same sense of refinement can be seen in the range of comfort features, which includes comfort head restraints at front and rear, heated front seats, a panoramic sunroof and blind and a color head-up display.

With BLACK EDITION, a new limited edition available on Scénic and Grand Scénic, Renault is bringing customers a compact MPV of elegant and dynamic design. Come and see this limited edition in the French sales network during the open days on June 13 and 16, 2019.
