Renault launches new nail polish range for lady drivers on the move!

- A new nail polish range from Renault that can also touch up minor bodywork scratches.
- A choice of colours coordinated to match four Twingo body colours.

In addition to its practical, vibrant and cheery nature, Twingo is the ideal choice for active lady drivers who need to get about town but who are also attentive to fashion and looks. With them in mind, Renault has taken inspiration from the Twingo spirit to produce an everyday accessory that combines Renault's hallmark style with making life easier for vehicle owners.

In association with designer cosmetics specialist De Blangy, Renault has introduced a new, particularly original accessory: Twingo Nail Polish. Thanks to a choice of four shades selected to match the popular Dragée Blue, Flamme Red, Etoile Black and Eclair Yellow finishes that are available for Twingo, this nail polish allows proud owners to coordinate their nails with the colour of their car. But Twingo Nail Polish does more than simply embellish finger nails...

In a world where motoring in built-up areas can entail the risk of picking up small scratches and scrapes, it is sometimes hard to keep pristine vehicle paintworks free of marks. Happily, this clever new nail polish doubles up as a handy solution for touching up body finishes with a single brush stroke.

Twingo Nail Polish is an innovation that seeks to embellish and facilitate the lives of lady drivers and is easy to carry in any handbag, unless – of course – their manfriends take a shine to it!

Twingo Nail Polish (€8.90) can be purchased from the Atelier Renault eShop (<http://shop.atelier.renault.com/en/>) starting June 12.
